Public Comment:

Kent had nothing.

Shirley Giard and Jim spoke to the board about getting the speed reduce on the sharp corner by their residence on the Crown Point Road. They stated that cars and trucks are going so fast that they have a great deal of difficulty getting out of their driveway. Also Katheryn Myrick has difficulty at the start of the curve, she is elderly. Joan responded that the best way they could achieve the reduced speed would to be get a petition out and have people sign to have the speed reduced and bring it to the select board. Then the board would contact the Sheriff's Department to do a study.
